## Emergency Preparedness in the Early Childhood Education (ECE) Program Self-Learning Module (SLM)

## **Master List of Resources**

ECELS has compiled a master list of emergency preparedness resources specifically designed to support ECE programs. This comprehensive collection includes evidence-based, practical tools such as professional development webinars, staff training modules, printable guides, articles, videos, fillable PDFs, developmentally appropriate emergency preparedness activities for children, and more. It also offers accessible information to share with families. Covering both national and regional content, these resources help Pennsylvania's ECE programs plan, prepare for, and respond effectively to a wide range of emergencies, ensuring the safety and well-being of children and staff.
